## News and Events for adults

#### It's Cool to Have a Library Card

September is National Library Card Signup Month and a great time to consider the many reasons your library card is the most powerful card in your wallet.

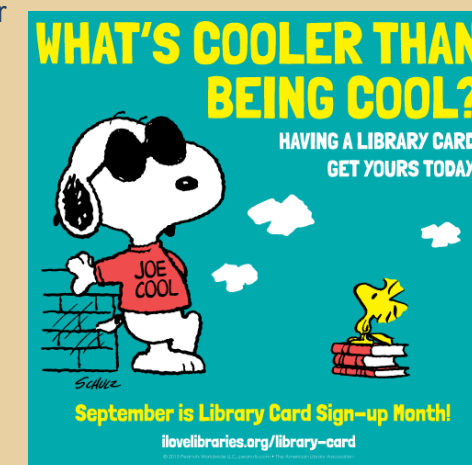

Time and again, studies show that children who are read to at home and use the library perform better in school. Use your library card to check out books, magazines and eBooks and read, read, read! It only takes a few minutes a day to instill a life-long love of reading in a child, and the benefits will last a lifetime.

The Fauquier County Public Library provides a quiet place for students to study and do research, free Wifi access and online homework help for students in grades 3–12 (including live chat with state-certified teachers). There are also free programs and events, like Paws to Read, Lego and STEAM clubs and the annual summer reading program.

Older children will find the library a treasure trove of information to help them study, collaborate with other students and meet other teens in one of our writing clubs, Teen Advisory Group or Teens Assisting Kids volunteer program.

One of the best things about today's library is that many resources can be accessed online from anywhere, providing the convenience of a 24/7 branch.

If you (or your child) don't already have a library card, stop by any Fauquier County Public Library location (or visit us online at [fauquierlibrary.org](http://fauquierlibrary.org)) and sign up for one today!
